Conference dates	June 22-24, 2022

Publication

Accepted papers will be published in the open access **IOP Conference Series: Earth and Environmental Science (Online)**

The 9th International Scientific Conference on Sustainability in Energy and Environmental Science (ISCSEES 2022) is a peer-reviewed international conference, which covers research on Sustainability in Energy and Environmental Science, including sustainable development, sustainable and efficient use of energy, natural resource, renewable, smart and green energy development, environmental management, science and technology, environmental restoration, ecological engineering, eco-technology, agriculture and environment sustainability, green enterprise development, modeling and regional environmental assessments, risk management in energy, earth and environment systems, measuring, forecasting and monitoring sustainability, global threats, disaster and mitigation.

The 9th International Scientific Conference on Sustainability in Energy and Environmental Science (ISCSEES 2022) is an event addressed to scientists and professional engineers from all over the world. The conference aims to give the opportunity to present and publish their work, discuss, exchange ideas and knowledge as well as network for future collaborations. The conference covers a broad range of on Sustainability in Energy and Environmental Science related topics.

List of Topics

- Sustainable development of renewable, smart and environmentally friendly energy.
- Science and technology in the field of environment.
- Environmental restoration, environmental engineering and eco-technology.
- Sustainable development of agriculture and environment.
- Management in a circular economy.
- Risk management in energy, Earth and environment systems.
- Measurement, forecasting and monitoring of infrastructure facilities stability.
- Global and regional challenges for the development of communities and territories.
- Global threats, catastrophes, pandemics and emergency measures.

Submission Guidelines

Authors are invited to submit **full (and original research) papers (at least 6 pages)** in conference topics until **June 10, 2022**.

First, the article has to be sent to [**iscsees22@gmail.com**](mailto:iscsees22@gmail.com) to the conference organizers to check the compliance of the article to the established requirements of the publisher. After the coherence, the authors will be given access to publisher's article placement platform, where they need to register and upload the article for review. By submitting a paper an

author and all co-authors are assumed to agree with the terms of the **IOP Proceedings Licence** (<https://publishingsupport.iopscience.iop.org/questions/iop-proceedings-licence/>).

Submitted papers will be peer-reviewed by three reviewers on the basis of **technical quality, relevance, originality, significance, and clarity**. The Program Committee will use these reviews to determine which papers will be accepted for presentation at the conference. Reviewing result will be announced to the submitting authors by email, along with reviewer comments, if any.

Primary requirements

1. Submissions should be:
 - a. basically, correct and sound;
 - b. original (not published elsewhere partly or in full and not submitted to other venues for simultaneous consideration);
 - c. presented at the conference (at least one author of each article should attend to the conference);
 - d. in line with the scope of ISCSEES.
2. The number of references in the list of references should not be less than 10.
3. Self-citations should not exceed 10 %.
4. Authors are encouraged to refer to the ethical rules described on <https://publishingsupport.iopscience.iop.org/ethical-policy-journals/> and to the Committee on Publishing Ethics (COPE) for all aspects of publication ethics (<http://publicationethics.org/>).

A single study is not split up into several parts to increase the quantity of submissions and submitted to various edited book projects or journals or to one journal over time (e.g. "salami publishing").

No data have been fabricated or manipulated (including images) to support the manuscript's conclusions.

No data, text, or theories by others are presented as if they were the authors own ("plagiarism"). Proper acknowledgements to other works must be given (this includes material that is closely copied (near verbatim), summarized and/or paraphrased), quotation marks are used for verbatim copying of material, and permissions are secured for material that is copyrighted.

Consent to submit has been received from all co-authors and responsible authorities at the institute/organization where the work has been carried out before the work is submitted. Authors whose names appear on the submission have contributed sufficiently to the scientific work and therefore share collective responsibility and accountability for the results.

Formatting options

ISCSEES 2022 uses IOP Conference Series format for the proceedings. Therefore, for preparing your submission please **STRICTLY FOLLOW** the 'Basic guidelines for preparing a paper' and 'Guidelines for preparing reference lists' (<https://publishingsupport.iopscience.iop.org/author-guidelines-for-conference-proceedings/>).

You should use Microsoft Word template for your submissions. If you would like to submit multimedia or any other supplementary data to accompany your paper, you might find 'Multimedia guidelines' useful (<https://publishingsupport.iopscience.iop.org/author-guidelines-for-conference-proceedings/>).

Registration

ISCSEES 2022 requires that every conference participant, not necessarily a speaker, but also a listener, registers at the conference. A dedicated registration service will be provided for this step.

We need your registration for:

1. Personalizing your conference information bundle, including the badge with your name
2. Collecting statistical information about session attendance, including social events – for proper resource planning
3. Introduce yourself to other conference participants to facilitate networking.

ISCSEES 2022 registration form will be open on June 1, 2022

Important Notice:

At least one author for each accepted final paper must register for paper publication.
